

SunPower E-Series: E20-327

SunPower® Residential DC Panel

SunPower E-Series panels combine high efficiency with the strongest durability and warranty available in the market today, resulting in more long-term energy and savings.^{1,2}

Maximum Power. Minimalist Design.

High efficiency means more power and savings per available space. With fewer panels required, less is truly more.

More Lifetime Energy and Savings

Designed to deliver 45% more energy in the same space over 25 years in real-world conditions like partial shade and high temperatures.²

Fundamentally Different. And Better.

The SunPower Maxeon® Solar Cell

- Enables high efficiency panels²
- Unmatched reliability³
- Patented solid metal foundation prevents breakage and corrosion

As Sustainable As Its Energy

- Ranked #1 in Silicon Valley Toxics Coalition 2015 Solar Scorecard⁴
- First solar panels to achieve Cradle to Cradle Certified™ Silver recognition⁵
- Contributes to more LEED categories than conventional panels⁶

Best Reliability, Best Warranty

With more than 25 million panels deployed around the world, SunPower technology is proven to last. That's why we stand behind our panel with the industry's best 25-year Combined Power and Product Warranty, including the highest Power Warranty in solar.
